Mr Fletcher Ng

Founder of ThinkNG-IT Consultancy and Innovation Coaching

Fletcher has over the past 25 years been the Group CIO, Global and APAC CIO for international listed Multi-National Corporations helping them to manage technology teams and projects across the continents. He was previously stationed in London, Paris and Amsterdam and has amassed considerable international knowledge and practices.

Fletcher has an established and track record in having performed major change management projects and in transforming business ecosystems through technology. He started his career as a programmer and worked his way up through the ranks establishing himself as the GCIO for a major HK listed property conglomerate. In 2016, he left the corporate world to mentor startups and University students as well as guest lecturing at Universities and Management Colleges on Innovation and emerging technologies such as Blockchains. He is also an Agile and Project Management Coach.

Fletcher runs his own IT consultancy which provides strategic expertise, coaching and project management to corporations, large and small in digital change management. He is also a speaker and industry specialist panelist at corporate and SME events as well as being a start up judge at Cyberport. He has a pulse on the most updated developments in Innovation. Having corporate, start up and business expertise, Fletcher is able to blend all these qualities to provide expert knowledge in subjects such as IOT, AI and strategise ecosystems for the digital age.
