

Introduction of Facilitator 導師簡介

Mr Antony Ma **CEO Co-founder, Hoplite Technology**

Antony Ma, CCSP, LLM, has extensive experience on audit and cyber security experiences in banking, telecom and public sector. He is a member of ISO Sub Committee 27 and has been participating in ISO standard development including 27001 and other standards. In Hong Kong, we served as the conveyor of Hong Kong Government CIO Cloud Security Expert Group, which develops guidelines for SME on data protection. He was also the founding Chairman of Cloud Security Alliance Hong Kong Chapter. Antony led teams on IT audit projects and was a key member in developing Singapore National Standard Multi-Tier Cloud Security Standard (MTCS), first public cloud security standard in Singapore.

Antony is currently CEO of Hoplite Technology, a technology firm which is evangelist of cloud adoption, cyber security best practice and compliance education.

Antony completed Master of Law and a keen writer on cybersecurity and blockchain. He received Cloud Security Alliance Ron Knode Service Award in 2013.
