

# Speaker Luncheon Meeting with Professor Frederick Ma Si-hang GBS, JP Non-executive Chairman, MTR Corporation Limited on Monday 13 February 2017

## Highlights of address

- MTR maintains high standard of Corporate Governance. On top of the usual stipulated committees, it has Risk Committee and Capital Works Committee which is unique.
- Do not take the word “profit” as an evil word. Profit maintains service standards. If loss was incurred, employees would suffer and fare would rise.
- Compared to other jurisdictions, the breakdown rate and cost of operation are low, which reflect operational efficiency.

### 講詞亮點

- 港鐵維持高標準的企業管治。除了常規委員會之外，它還有風險委員會和獨特的工程委員會。
- 不要把“利潤”一詞當作邪惡的話。利潤維持服務標準。如果出現虧損，僱員將遭受影響，票價亦會上升。
- 與其他地區相比，港鐵的故障率和營運成本都較低，反映營運效率良好。
